

Online Research Participation

We're inviting members of the general public to participate in an online Citizens' Jury to identify stroke rehabilitation research priorities.

Participation involves:

- Attending 4 online sessions (3 hours each)
- Listening to expert witness testimonies and working with other jury members to make suggestions on where research funding should be directed
- You will be compensated \$200 for your time at the end of the study

Interested in participating? Find out more by contacting Christy on 0406 428 318 or at c.hogan@griffith.edu.au

This research project has been approved by The Prince Charles Hospital Human Research Ethics Committee
